16th
Annual Metal Decorating
Excellence in Quality
Awards Competition

The International Metal Decorators Association is pleased to announce the Call for Entries for the 16th Annual “*Excellence in Quality*” decorating competition. The competition recognizes those companies who provide dynamic and high quality metal decorated pieces from all methods of the decorating industry. A wide range of products were represented from around the world in the first fifteen competitions. Previously judged entries were all decorated with the highest skill and design integrity. This year’s competition promises to be challenging once again and we are sure that more companies will join in the quest to be recognized by their peers. To be recognized by one’s peers is the highest honor one can receive. This competition is conducted by a critical audience, metal decorators and is extremely special. The IMDA is providing an opportunity to

challenge the depths of our workmanship and craft.

The following are guidelines for entering the “Excellence in Quality” competition.

Qualifications

Entries must have been decorated between May, 2011 and April, 2012. Two finished samples of the decorated work must be submitted to the IMDA by the deadline of April 30, 2012. Samples must be from commercial production runs and not prototypes. The samples will not be returned. Entries will be displayed at the Seminar and will be photographed for promotional purposes. The decorator must have performed the decorating work entirely, but did not have to perform the manufacturing of the piece. Decorated pieces are judged in 8 categories and each design can only be entered in one category.

AWARDS

Best of Category Award:

Presented to the winners in each of the categories.

Award of Excellence:

Presented to the second place finishers in each of the categories.

Grand Award:

Presented for the piece chosen as the best of all categories.

CATEGORIES

- Two Piece
- Food
- Aerosol Cans
- Closures & Ends
- Signs & Displays
- General Line Cans
- Specialty
- Miscellaneous Products

Judging

All submissions will be judged by an impartial committee made up of graphic arts professionals. Judges will evaluate the quality of printing, the degree of difficulty, the appearance of coating finishes, registration, and the technical expertise required for each piece. Judging will take place at the annual *International Metal Decorators Association Annual Convention* which will be held May 23-24, 2012 at the Hilton Indian Lakes. The judges will follow a predetermined guideline of quality criteria to determine the outcome of the contest. Once the judging has been completed, the judges will announce the winners of each category at the conclusion of the Seminar. Winning entries will be displayed at the Seminar for all to see. The International Metal Decorators Association will send press releases to various industry

publications notifying the readership of the awards. We wish you the best of skill in the competition.

Fees – THERE ARE NO FEES TO ENTER THIS COMPETITION.
